Details on the reward

UAT Test Council 6

The book description is the pitch to the reader about why they should buy your book. It is sales copy to get them to see that the book is for them (or not), and then make the purchase. ... In many cases, the description is the factor that solidifies in the reader's mind whether the book is for them

As the girl earns a reward she will see a message when she comes to her “My Rewards” tab letting her know she earned another reward.

You've earned another rewards level!

Congratulations! Click on the reward level to see what reward(s) are now available to you.

As noted, the data for what rewards the girl has earned comes from the amount of cookies the troop volunteer has in her records for the Girl Scout. Check with the Troop Volunteer if you believe the information is incorrect.

When the Girl Scout has earned a new reward she can make a selection if there is more than one choice at that level. She can also indicate the size she needs if the item has size options.

Once this level is unlocked, you can select or adjust your option at any time before the deadline.

To change a reward selection, the Girl Scout simply needs to check the box for her new selection at any point prior to the rewards due date. That date can be found at the top of the screen.

4

If the Troop Volunteer needs to adjust the records of sales, it could impact her rewards. Should that happen, the Girl Scout would see a message letting her know that her rewards had changed.

After the rewards due date, girls can still see the rewards that they earned but can't make any more selections. The troop volunteer will have pulled the girl's rewards selections from Digital Cookie and placed the order for them, so they can't be changed.
