

FAQ's

I heard that eBudde updates automatically, does the troop cookie manager need to do anything in eBudde for the girls to receive their rewards?

Yes, some rewards require you to input the number of girls that earned it, and some levels require a choice. If any girl earned any reward, the troop cookie manager should check this and submit the rewards when everything is complete.

What do I need to know before I enter reward information?

You will need to know how many girls:

- Attended the SU Cookie Rally
- If any Girl Scouts in your troop have a sister/family member (in the same household) also selling cookies this season.

You will also need to know the following:

- Adult sizes-There is also an option for up to two adults to get the volunteer patch for helping with the cookie program.
- If the troop has a final PGA of 375+ packages, you will need to know the t-shirt sizes for each girl who sold cookies and you can enter a size for up to two adults who helped with the cookie program.

What about the Cookie Program Credit (CPC)?

Each girl who has earned CPC will receive an email with her personal information on May 1. We will use the email address from her myGS account. Troops will also have small cards to give to each girl so that she can record her card information and keep this card safe as she would a gift card.

Why can't the girls earn more rewards and Cookie Program Credit for selling cookies?

The IRS requires that we report annual gifts of \$600+ which would apply to all the rewards that an individual Girl Scout earns for both Cookies and the Fall Product Program. If we exceed these limits for an individual Girl Scout, we can endanger our non-profit status as an organization.

How are girls and their families notified about the reward events?

We will send emails to the girls using the information we have from the myGS account. Please be sure your email address is correct and you check your email.

FAQ's

If the girl can't attend the event, can she trade it or get some other option?

No, because of the limit we have related to the 1099, we are not able to offer alternate dates or rewards in exchange for the event. The cost of the event does not count against this total because it is an experience and not a physical item that the girl receives.

Are adults included in the reward events?

- **Super Seller Event at the Tee Pee Drive-In on May 30, 2025.**

All girls must be accompanied by an adult. One carload per super seller.

- **WiCKED at the Tulsa PAC on May 29, 2025.**

One girl ticket is provided, additional tickets may be purchased.

- **Great Wolf Lodge Event April 25-27, 2025.**

At GWL, each girl must be accompanied by a female adult. The girl and adult pair will be partnered/roommates with another girl and adult pair.

How does the discount work for girls who sell 2500 packages?

The council will work to get the discount applied to the camp balance for any girl who earns this reward. It is an option for one session of camp in 2025.
