

TROOP BOSS BATTLE PACK (JUNIOR EDITION): Operation Giggle Force 5

Badge Mashup:

Playing the Past + Musician + Scribe + Digital Game Design + Simple Meals

MISSION OVERVIEW:

Giggle Force 5 is an elite (and very silly) squad tasked with creating a time-traveling party experience to unite the eras with laughter, music, food, games, and storytelling. Juniors take on leadership roles to design the ultimate “Inter-Era Bash” where Cleopatra, Amelia Earhart, Taylor Swift, and a Minecraft chicken could all vibe together.

The final challenge? Host the *Past & Present Party Jam*—a troop-planned, girl-led bash filled with fun, flair, and full-on giggles.

MINI QUESTS:

1. TIME TWISTERS: Choose a historical girl character and create a party persona. Dress up, create a character card, and pick your "era vibe." (*Playing the Past*)
 2. BEAT BOTS: Build a theme song or silly chant for the party using instruments, voice, or digital tools. (*Musician*)
 3. LOL LORE: Write a ridiculous party invitation, comic strip, or mini skit featuring your character arriving at the bash. (*Scribe*)
 4. GLITCH GAMES: Design a digital or tabletop party game that guests from *any era* could enjoy—like “Pyramid Karaoke” or “Ye Olde Dance-Off.” (*Digital Game Design*)
 5. SNACKBACKS: Cook or assemble a food item that combines two eras (e.g., medieval s’mores or 1980s sushi tacos). Create a menu with your fusion name. (*Simple Meals*)
-

BOSS BATTLE:

Past & Present Party Jam – Girls host their time-traveling troop party. Each role leader guides a part of the event:

- The Time Twisters run a mini fashion show or walk-through history corner.
- The Beat Bots run the dance floor or lead the theme chant.
- The LOL Lore crew performs skits or reads silly scrolls.
- The Glitch Game Masters run party games.
- The Snackbacks serve their weird-but-delicious creations with historical flair.

The party can be for the troop, invited guests, or younger girls as a “junior event leadership experience.”

LEADERSHIP ROLES:

- Time Twister – Designs costumes and introduces characters from the past
- Beat Bot – Creates and leads party music and dance breaks

- LOL Lore Master – Writes funny stories, invites, and scripts
 - Glitch Game Master – Builds and runs the games
 - Snackback Chef – Designs and serves the party’s wacky fusion food
-

Bonus:

Turn the whole party into a badge showcase for parents or community members. Let each girl give a short intro and show off her leadership role. You could even make it a sleepover with late-night karaoke and pancake diplomacy the next morning.

Theme:

Creative leadership, event planning, public speaking, and absolutely absurd fun.
