

Leader's Quest: Cadette "Fortress of Echoes"

Theme: Team Dynamics, Collaboration & Reflection

Cadette Badges Integrated:

Finding Common Ground

Inside Government

Team Player

Boss Name: *The Echo Enforcer*

This formidable figure haunts the Fortress of Echoes—where only the loudest voices are heard, and no one truly listens. She thrives in chaos, silence, and division, creating rifts that split even the strongest of squads.

Boss Weakness: Active listening, respectful disagreement, shared decision-making.

Strategy Options:

To bring down the Echo Enforcer, the Cadette must:

1. Practice Listening Rituals where every voice is heard and valued (*Team Player*).
 2. Simulate a Town Hall to experience different viewpoints (*Inside Government*).
 3. Debrief a Conflict by exploring each side's perspective and proposing fair solutions (*Finding Common Ground*).
-

Choose Your Role:

- The Harmonizer – Skilled in calming tensions, finding shared goals, and diffusing conflict with empathy.
 - The Justice Girl Scout – Understands how rules and systems affect group dynamics and fairness.
 - The Collaboranaut – Brings groups together to problem-solve creatively, even across differences.
-

Quest Log: Task

Interview two people with opposite views on an issue. Try to summarize both perspectives fairly.

Roleplay a council meeting about a topic that affects youth. What roles exist? How are decisions made?

Lead a game or activity where you assign everyone a different decision-making style (majority rule, consensus, etc.).

Reflect on how the outcome changed.

Journal about a time when you felt misunderstood. How could the situation have gone differently?

Create a symbol (like a team flag or code of conduct) for building unity and respect.

Reflection:

- What does it mean to be part of a team where everyone feels included?
 - How can I speak up while also making space for others?
 - How do laws, systems, or rules affect how people interact in groups?
-

Victory Stamp:

Design a glowing bridge with people standing on it together, or a cracked wall being rebuilt, one respectful conversation at a time.
