

Leader's Quest: Daisy "Captain's Crew – Harbor Helpers"

Theme: Respect Authority and working together as a team

Focus: Girls learn the value of listening to and respecting leaders while contributing to a shared mission.

Mission Briefing

Welcome, Daisy Adventurer!

Today you'll join the Harbor Captain's trusted crew. Mischief Minnow has been causing trouble in the harbor — changing signal flags, giving silly directions, and making it tricky for ships to dock safely. Can you work together, follow the Captain's instructions, and keep the harbor running smoothly?

Boss Profile:

Boss Name: Mischief Minnow

Weakness: Clear instructions, teamwork, and respect for leaders

Battlefield: Troop meeting space or outdoor play area

Victory Condition: Safely guide ships into harbor by following the Captain's orders and working as a crew.

Battle Strategy (Pick 2):

Signal Flag Challenge: Learn simple "signal flags" (colored scarves, bandanas, or paper shapes) and use them to send messages from Captain to crew.

Captain Says: Play a nautical version of Simon Says — raise sails, drop anchor, scrub the deck — but only when the Captain gives the order.

Docking Drill: Set up a "harbor" with chairs or cones as ships and docks. The Captain gives directions to safely bring ships in while Mischief Minnow tries to distract the crew.

Harbor Supply Run: Work together to "unload" light supplies from ships to shore following the Captain's directions.

Girl Role Cards (Pick Yours):

Captain's Mate: You help the Captain give clear instructions.

Signal Keeper: You send messages from the Captain to the crew.

Lookout Lighthouse: You keep watch for Mischief Minnow's tricks.

Deckhand Dynamo: You pitch in wherever help is needed to keep things running smoothly.
