

Leader's Quest: The Pecan Tin Time Warp

Premise:

Somewhere between autumn and the sugarplum fairytale realm lies the fabled Deluxe Pecan Cluster Tin—a magical artifact that can rewind time just long enough to fix any oopsie. But a mischievous Caramel Clockmaker stole it! Your troop must time-jump through the Tin Time Tunnel, outsmart the Clockmaker, and return the tin to keep fall forever full of good cheers.

Quest Steps:

- 1. Tick-Tock Tunnel Crawl:** Create a “time tunnel” with streamers or yarn hanging from above. Girls crawl through while chanting “Tick-tock, turn back the clock!”
- 2. Pecan Puzzle Hunt :** Hide paper cutouts of pecan clusters around the area. Each one has a silly “time code” word. Girls collect them and arrange into a secret phrase (like "seconds," "minutes," "rewind").
- 3. Cluster Balance Challenge:** Using pom-poms or soft balls as “pecan clusters,” girls must balance one on their heads or backs and race to a finish line without dropping them.
- 4. Clockmaker’s Riddle:** A leader dressed with a cardboard clock around their waist (the Clockmaker!) recites a goofy time joke or riddle. Girls solve it to earn the tin back.
- 5. Tin Time Reclaim:** The Deluxe Pecan Cluster Tin (decorated box with pecan imagery) is returned, and the troop rings a handmade bell or clock chime to “stop the clock.”

Boss Battle:

The Caramel Clockmaker (leader with a tin hat and clock hands) can only be defeated if girls shout in unison: *"Tick-tock, we gang together—time’s on our side forever!"* or *something the girls create.*

Victory Title:

They become the legendary **Timekeepers of the Pecan Realm.**
